

## **Regulation of Length of Lawn and Grasses**

The Common Council finds that lawns, grasses, and noxious weeds on lots or parcels of land which exceed eight (8) inches in length adversely affect the public health and safety of the public in that they tend to emit pollen and other discomforting bits of plants, constitute a fire hazard and a safety hazard in that debris can be hidden in the grass, interferes with the public convenience and adversely affects property values of other land within the City. For that reason, any lawn, grass or weed on a lot or other parcel of land which exceeds eight (8) inches in length is hereby declared to be a public nuisance, except for property located in a designated floodplain area and/or wetland area or where the lawn, grass or weed is part of a natural lawn approved pursuant to Section 8-1-6 of the Osseo Code of Ordinances.

**No person, firm or corporation shall permit any public nuisance as defined above to remain on any premises owned or controlled by him within the City.**
